WE'RE FOR AMERICA! AMERICANS!

Who and what are these A. P. A.'s anyhow?

The telegraphic dispatches say they elected a Mayor at Omaha;

They swept Democratic New Jersey like a prairie fire;

In fact, they were in evidence all over the land;

And in Kentucky—

They carried Ashland;

They went in with a whoop at Frankfort;

They swept the whole face of the earth at Louisville;

In Newport it will take a month to gather up the pieces of the enemy;

In Lexington they indorsed several candidates, including SUMRALL, Democrat, for Mayor, and they won in a day, although the Catholics scratched them almost to a man;

And even here in Maysville they can be credited with the election of at least two men on the city ticket.

For all which, those people who carry their religion into their politics have none but themselves to blame.

What is this country coming to any way!

GROVER issued his Thanksgiving Proclamation before he heard from Kentucky. Lucky GROVER.

THE National Treasury deficit now amounts to \$2,069,679.36 for November, \$18,566,014.54 for the fiscal year and \$130,394,303.66 for the Cleveland Administration.

BARNETT STRATTON, son of Rev. ROBERT STRATTON of Lewis county, was fatally injured in a runaway. A gander frightened his horses—Bulletin.

Well, hardly; you can't make us believe that a gander frightened a Lewis county horse. It was a Democratic rooster after Colonel BRADLEY and DUD POLLETT got through with him; and that was enough to frighten a whole cavalcade.

THE Free-trade press and its allies, the Mugwump independent organs, tell us that good times are upon us, and to denounce any further discussion of the

Tariff question. The following facts are apparent in relation to our industrial, financial, and commercial situation:

The receipts of the Treasury have fallen below the expenditures at the rate of about \$50,000,000 per annum. We have increased the National debt by \$162,500,000 thus far under this Administration. The Treasury is not paying the appropriations made by Congress, and has adopted all sorts of subterfuges to prevent such payments, such as the establishment of a Supreme Court in a bureau of the Government at Washington. Our exports have fallen off more than \$120,000,000 per annum, as compared with the last two years of the McKinley Law. Our imports are increasing. We are importing the common articles of agricultural and of mechanical and industrial production, the things which can be produced by American labor, and we are sending abroad our money to pay in this indirect way, the labor of Europe, Asia and Africa.

While this condition exists, says The American Economist, labor in this country is yet largely unemployed and, outside of a few branches, is being remunerated at a figure far below the McKinley rates of 1902. If this be properly we have it.

KENTUCKY NEWS.

The Latest News From All Parts of the Commonwealth.

Bradley's Plurality Still Growing.
LOUISVILLE, Ky., Nov. 7.—As time passes Col. Bradley's majority in creases heavily over the first figures given. Wednesday night at 12 o'clock it was estimated at not less than 15,000. Thursday morning, with complete reports from 111 counties and only 8 to hear from, his plurality over Gov. Harlan is 17,560. The 7 counties that had not been reported Thursday afternoon were Jackson, Knott, Leslie, Magoffin, Menifee, Metcalf and Webster. These 7 counties in 1892, a democratic year, gave a republican plurality of 914 votes. In 1894 they gave a democratic plurality of 1,237. But as in the present year, the race last year in several of the counties, the vote is not a fair basis.

For Hints Postponed.
LEXINGTON, Ky., Nov. 8.—The long drought has made it impossible for hounds to scent a fox, and the executive committee of the National Fox-hunters' association, has decided to postpone the coming Owensville meet from the 17th of this month until the 3d of December. Both county is full of foxes, and should there be sufficient rainfall between now and December, the meet will probably be much more successful than last year's, which was ruined by the dry weather.

Trouble for the Women.
LEXINGTON, Ky., Nov. 8.—The woman's ticket elected for the board of education here, it seems, will have some trouble before being recognized by the city democratic committee. The law requires the clerks of election to report to the secretary of the board of education then in charge, but instead the clerks turned over the returns to the county clerk, and the democratic committee's ticket, which was defeated, will make a fight against allowing the elected board being sworn in.

Got His Hair Cut.
BELLEVILLE, Ky., Nov. 8.—Charles E. Higdon, of Washington avenue, vowed twenty years ago that he would not have his hair cut until a republican was elected governor of Kentucky. He was then 30 years of age, and Thursday night he repaired to Hansen's barber shop, on Fairfax street in Belleville, where he was shorn of his locks. Hansen had almost enough hair on his floor after the operation to make a hair mattress for a large sized bed.

Kentucky Will Have a Republican Senator.
LOUISVILLE, Ky., Nov. 8.—Republican claims and democratic concessions show that not only has Kentucky elected the full republican state ticket, but that the complexion of the legislature represents a republican succession to United States Senator Blackburn. State Auditor Norman, the democratic campaign chairman, in a statement to the Commercial, said that Blackburn's defeat is assured.

Capt. Sharp Defeated at Lexington.
LEXINGTON, Ky., Nov. 8.—In the fight for municipal offices in Lexington the republicans for the first time in years elected representatives. Stanley Milward, republican, beat Stephen G. Sharp, democrat, for city treasurer, by a majority of 333 votes, while two members of the board of councilmen are republicans.

Gas. Hardin's Shingle Out.
LEXINGTON, Ky., Nov. 8.—Official Harlin, defeated democratic candidate for governor, left his home in Harrodsburg Thursday morning for Louisville for the purpose of immediately setting up an office to practice law. He would not discuss his defeat or speak of his future plans further than his taking up law.

Campbell County's Vote.
NEWPORT, Ky., Nov. 8.—Campbell county gives Bradley about 500 plurality, and sends Harlan to the senate and Lyons and Lieberth to the house by big majorities. In Newport the A. P. A. decided the election of the republican ticket, with the possible exception of Morton, for engineer, beaten by Glazier, democrat, by twenty votes.

Verkes Declines to Talk.
DANVILLE, Ky., Nov. 8.—Hon. John Verkes declined to be interviewed with reference to the gossip coupling his name with the United States senatorship to succeed Blackburn. His friends in this part of the state will urge his election.

Received More Votes Than Brown.
LOUISVILLE, Ky., Nov. 8.—Lytle Buchanan, chairman of the democratic city and county committee, calls attention to the fact that Harlin received 2,688 more votes in Louisville and Jefferson county than Gov. Brown did in 1891.

Seriously Burned.
LEXINGTON, Ky., Nov. 8.—Richard Pope, manager of the Southern Dye House, was seriously burned Thursday afternoon while cleaning a pair of curtains with benzine. The friction of the brush caused the benzine to ignite.

Beat His Brains Out.
LAWRENCEBURG, Ky., Nov. 8.—At Campbell, a few miles from here, Land Gunter beat out the brains of Ben Carlett in a fight over the election. Both men were drunk. It is claimed there was an accessory to the killing.

Fight Over an Old Quarrel.
LANCASTER, Ky., Nov. 8.—A general fight occurred here over an old quarrel. Jas. Hardin shot and seriously wounded A. B. Brown, sr., a prosperous farmer. His home is at McCreary, Ky. The principals were arrested.

Received Fatal Injury.
MIDDLBOROUGH, Ky., Nov. 8.—In a quarrel at Pineville Henry Smith hit Al Campbell on the head with an iron rod, inflicting injuries which will result in his death. Smith escaped. Both are colored.

Ate Too Much Watermelon.
HOPKINSBURG, Ky., Nov. 8.—Charles Buckner (colored), 15 years of age, died suddenly, caused by having eaten the whole of a large watermelon.

LIQUID

As a Means of Increasing the Carrying Space of Vessels.

Convention of the Society of Naval Architects and Marine Engineers.

President Taylor, of the Naval War College, here a Paper on "American Maritime Development"—Americans Should Build Nicaraguan Canal.

NEW YORK, Nov. 8.—The third general meeting of the Society of Naval Architects and Marine Engineers convened here Thursday. The nominating committee made its report, recommending the re-election of the present officers.

Capt. Henry C. Taylor, United States navy, president of the Naval War college, read a paper upon "American Maritime Development."

The speaker stood at some length upon the great importance of the Nicaragua canal to the commerce of the United States, and urged the society to devote special effort to its consideration and in its behalf. He also urged the study of liquid fuel as a means of increasing the carrying space of vessels. Adm. Meade suggested that the society petition congress in favor of the Nicaragua canal.

"I believe it is to be built," he said, "and no foreign corporation should build it. It should be built by the American government. I am no jingo, but I am firmly of this opinion. Gen. Grant's head was level when he wanted to get San Domingo and he could have had it except for petty jealousy. We should let folks who are older than the ocean know if there is any land lying around loose on this continent, the United States is residuary legatee."

Adm. Meade, Henry C. Taylor, Miller and Mr. Lewis Nixon were appointed a committee to consider the formulating of a testimonial to congress and to the society before its final adjournment Friday.

CUBAN MEETING.
CONFEDERATE VETERANS at Charleston, W. Va., Adopt a Set of Resolutions.

CHARLESTON, W. Va., Nov. 8.—A meeting of Cuban sympathizers was held at the courthouse Thursday night which was called by the state camp of confederate veterans and the G. A. R. The meeting was the adoption of resolutions offered by the confederate camp, which pledged the confederate soldiers to maintain in their hearts and in their rights of the American people in any conflict with any foreign nation and claiming that the principles embodied in the declaration of independence gives to the Cuban people the right to throw off the Spanish yoke and to be recognized as self-governing.

The resolutions—"Jenny to our present executive right of espionage on our people to prevent them as individuals to aid the Cuban people in this war against Spain," and adopted. "The constitution of the United States was in a large part the work of a Virginian. The flag of this nation and the flag of our flag, the honor of America is in part our keeping and we will defend it against all foreign nations, against slavery, against the principles of indifference, treachery or timidity or betrayal of trust."

The Republic Plurality in New York.
NEW YORK, Nov. 8.—Official returns from four-fifths of the counties in this state with unofficial but practically complete figures from the other counties give 101,000 for King, 80,111 votes, a republican plurality of 20,889. There are half a dozen districts yet to be heard from in St. Lawrence, Greene, Fulton and Hamilton counties, and the plurality may be still further increased.

Armenians Will Make an Appeal.
PHILADELPHIA, Nov. 8.—A meeting here Thursday of delegates representing Armenian colonies in various parts of Europe it was resolved to address a supreme appeal to the six powers which signed the Berlin treaty, urging immediate intervention to stop the methodical extermination of the Armenians, which is being carried out by the Ottoman government."

ATLANTA, Ga., Nov. 8.—The directors of the Cotton States Exposition met Thursday afternoon, and the chairman of the finance committee, Mr. Samuel M. Inman, announces that he has raised among a few citizens cash subscriptions to the amount of \$100,000 to cancel the accumulated indebtedness of the exposition.

Deadly Work of Masked Robbers.

THE MAYSVILLE REPUBLICAN

WEEKLY PUBLIC LEDGER.

Did U?

Did you ever think that relatives or friends who have moved to distant places—gone West, perhaps, to grow up with the country—are always glad to hear from their "Old Kentucky Home"? And it is ever occur to you that a single copy of THE MAYSVILLE REPUBLICAN—the weekly edition of The Public Ledger—contains more home news than you could receive in a hundred ordinary letters? And did it ever strike you that you can send the paper to your relatives and friends for a whole year at less cost than you can write a letter every week? Besides, don't you think a year's subscription to THE REPUBLICAN would be present highly appreciated by those at a distance? Suppose you write and hear what they have to say on the subject.
